

## Description

**Suncoast Design Group**, in Clearwater, Florida, is seeking a licensed architect with a passion for client service, technical experience, strong production and management experience. The successful candidate will have demonstrated leadership qualities, proven management skills and mentoring abilities. At Suncoast you will find an organization with integrity that will value you, your abilities and efforts.

## Requirements

- Ability to lead project teams from conceptual sketches and schematic design, through creation and overview of construction documents, to construction administration.
- Provide technical expertise, support and quality control.
- Exhibit strong verbal and written communication skills.
- Show a strong commitment to client services.
- Proficiency in AutoCAD & ADT is required; LEED Accreditation is highly desired.
- Florida registration is required.

## Employer Information

Along with our affiliates Suncoast AutoBuilders and Suncoast DesignBuilders, we provide a complete range of design/build services for a nationwide client base that specializes in quality automotive, retail and hospitality facilities. Our services range from initial program development through final design and construction administration; our approach is to form a close working relationship with the client, in order to assure an effective solution that will meet their needs. We are committed to design excellence, while working within the client's budget. We offer a competitive salary commensurate with experience, full benefits package, and opportunities to reach your full potential and personal advancement goals, all in a professional yet relaxed office atmosphere. We give preference to local candidates, but will consider resumes from applicants who are planning their own relocation. Some travel is required. We are a non-smoking, drug-free workplace. Email your resume, in confidence, to [fhuffman@suncoastdesigngroup.com](mailto:fhuffman@suncoastdesigngroup.com) or visit our Web site at [www.suncoastdesigngroup.com](http://www.suncoastdesigngroup.com).
